

ICUEE[®] Trademark Logo Guidelines

The ICUEE terms and ICUEE exposition logo are registered trademarks. Appropriate use of the ICUEE terms or logos is permitted by companies exhibiting in the ICUEE exposition who wish to publicize the fact of the exposition and/or the fact that the exhibitor is participating in the Show.

Use of the ICUEE terms or logo is not permitted on a product or service, since such use might imply that the product or service has received the approval or endorsement of the show's owners, sponsors and/or producers.

Exhibitors at ICUEE may request permission to use the Show's names or logos on commemorative items to be given away to the Show's attendees by the exhibitor. The request should be made in writing to Show Management, describing the proposed use, the types of items on which the name or logo would be placed, and a statement that such items would not be sold. Show Management and/or the trademark owners reserve the right to deny any request that may be inappropriate, offensive or not in the best interests of the Show.

The trademark registration symbol (®) should be used with the show's names or logo.
